

# Is Your Congregation Pursuing Its Full Kingdom Potential?

God is already at work in and around your congregation and He is calling you to come and join Him in this important work, just as Jesus called the disciples to join Him in the work He was already doing.

## Are You Ready to Take Your Congregation to the Next Level?

You are invited to attend a **Spiritual Strategic Journey (SSJ) Introductory Learning Experience** on **Friday, September 5, 2008, from 9 AM to 4:30 PM** (Only pastors, associate pastors and program staff; such as, Directors of Christian Education on Friday) and **Saturday, September 6, 2008, from 9 AM to 4:30 PM** (Session Members and other key lay leaders, plus those attending on Friday. Each congregation is encouraged to bring a minimum of 7 persons on Saturday.).

The SSJ Introductory Learning Experience has a two-fold purpose:

- (1) To offer you immediate assistance in the ministry of your congregation; and
- (2) To introduce you to a process that will help you reach your congregation's full kingdom potential.

## Who Should Attend?

**Pastors, associate pastors, program staff, session members and other key lay leaders who desire to:**

- Discern what** God is calling their church to become and do;
- Have a** clear and compelling vision of their congregation's future;
- Experience deep** and meaningful relationships with the triune God, with one another, and with the community context in which they serve;
- Be faithful** and innovative in executing high quality and effective programs, ministries, and activities that meet the real needs of real people in real time, while remaining on the cutting edge of Christian ministry;
- Make available** accountable management systems that seek to empower visionary leadership rather than controlling the operations of the congregation.
